JOINT VENTURE

## Information Analysis Center Multiple Award Contract (IAC-MAC) Pool 2 for Small Business

As an IAC-MAC Pool 2 prime contract holder, AIS provides superior warfighting capabilities through research, scientific, engineering, development, acquisition, and test and evaluation services and solutions.

### IAC-MAC Features and Benefits

#### Features

- Fast, flexible, and low cost
- Incremental Funding for severable orders
- Up to Five year (60 month) period of performance
- Allows for all contract types, including hybrids (CPFF, FFP, FFP-LOE)
- Classified and Unclassified services
- CONUS and OCONUS Requirements
- Compliant with Federal Government laws and regulations for small business contracting
- Primarily Tradeoff method for source selection
- Flexible terms to allow adding new teaming partners at the TO level
- Pre-vetted industry-leading companies

#### Benefits

- Available to DoD and U.S. Government agencies
- Fully-assisted requirements package development support services
- Leverages STI available in the DTIC Online R&E Gateway database
- Preferred Use letter from the Office of the Under Secretary of Defense – IAC MAC contract is the preferred vehicle for DoD requirements within its scope
- Interservice Support Agreement (DD Form 1144) or Interagency Agreement General Terms and Conditions Section (FS Form 7600A) satisfies the requirement for a support agreement since the servicing agency (DTIC and its contracting offices) is within DoD

### Technical Focus Areas:

#### Defense Systems

Weapons Systems  
Autonomous Systems  
Survivability & Vulnerability  
RMQSI  
Advanced Materials  
Military Sensing  
Energetics  
Directed Energy  
Non-Lethal Weapons Information Operations  
C4ISR

#### Cyber-Security Information Systems

Cyber-Security  
Software Data Analysis  
Modeling & Simulation  
Knowledge Management Information Sharing

#### Homeland Security & Defense

Critical Infrastructure Protection  
Weapons of Mass Destruction  
Biometrics  
Medical  
Cultural Studies  
Alternative Energy  
CBRN Non-Laboratory

#### Contract Issued by:

Air Force Installation Contracting Agency (AFICA/  
KD), Defense Technical Information Center (DTIC)

#### Contract Ceiling & Fees:

\$28B, funding provided at the TO level  
Competition for TOs valued at or below \$15,000,000  
FY19 (Provisional) Customer Shared Direct Cost (CSDC): 1%

#### Contract Types:

Indefinite Delivery Indefinite Quantity (IDIQ)  
Contract with Firm Fixed Price (FFP) Level of Effort (LOE); FFP; & Cost Plus Fixed Fee (CPFF) Task Orders.

#### Customers:

DoD components, other government agencies,  
industry and academia.

#### Period of Performance:

Base Period (3 years):	09/30/18 - 09/29/21
Option Period 1 (2 years):	09/30/21 - 09/29/23
Option Period 2 (4 years):	09/30/23 - 09/29/27
Optional 6-month Extension:	09/30/27 - 03/31/28

## About Agile Innovative Solutions (AIS)

Agile Innovative Solutions is a joint venture comprised of Sabre Systems, Inc., Acquisition Systems Associates, Integration Innovation, Inc. and Mayvin. With the support of over 19 subcontractor teammates, we collectively bring together the capabilities, experience, and worldwide presence to provide collection, analysis, synthesis and dissemination of Scientific and Technical Information (STI) capabilities in various Research and Development (R&D) support components.

### Why AIS

While Agile Innovative Solutions (AIS) is the equal of a large global company in terms of depth, breadth, and corporate strength, our joint venture (JV) team (TEAM AIS) enables us to provide collectively to our customers the focus, responsiveness, and flexibility that make mid-tier companies so attractive. Customers reap the benefits of having access to the significant resource pool of a large company, along with mid-tier cultural values that reflect small business roots and a genuine appreciation for the importance of delighting every customer on every task. Our JV represents a business model that yields a robust and diverse set of capabilities and provides an inherently greater potential for innovation that individual companies often cannot produce. The diversity each of our JV partner's offer creates a synergy fueled by each partners' different perspectives and backgrounds.

**EXPERIENCE MANAGING LARGE AND COMPLEX CONTRACTS.** TEAM AIS has experience managing large contracts, complex in both technical scope and administration. These contracts have work that spans across multiple domains and competencies, and administration of invoices that total up to 160-200 pages in length, due to the multiple programs funding the contract.

**QUALITY PROCESSES AND STANDARDS.** TEAM AIS members are certified ISO 9001:2008 and ISO 20000-1:2011 and appraised at Maturity Level 3 (ML3) for both Services and Development of the CMMI® Institute's Capability Maturity Model Integration (CMMI®). These standards affirm our commitment to quality and the successful delivery of cost savings, productivity, delivery, responsiveness and customer satisfaction.

**TEAM COLLABORATION.** TEAM AIS has a custom designed portal to manage the contract, which streamlines collaboration across the team of partners and subcontractors providing accurate, efficient, collaborative, and expeditious communications. The portal also allows Government funding and technical owners to track monthly financial status and technical reports with ease, saving time and reducing government workload.
